## 空气呼吸器产品合格证

SCBA Product certification

产品型号  
Product number  
气瓶编号  
Cylinder number

RHZK6.8CT/B

169240469200

产品编号  
Product number  
生产日期  
Production Date

2504050036

2025.04

## 主要指标

main indicators

|   |                                                            |                         |             |
|---|------------------------------------------------------------|-------------------------|-------------|
| 1 | 工作压力<br>Working pressure                                   |                         | 30Mpa       |
| 2 | 减压阀<br>Pressure reducing valve                             | 供气量<br>Supply volume    | >500L / min |
|   |                                                            | 输出压力<br>Output pressure | 0.8±0.2Mpa  |
| 3 | 中压安全阀开启压力<br>Medium pressure relief valve opening pressure |                         | 1-1.6Mpa    |
| 4 | 警报器报警压力<br>Alarm alarm pressure                            |                         | 5.5±0.5Mpa  |
| 5 | 呼气阻力<br>Exhalation resistance                              |                         | <1000pa     |

该产品符合 XF124-2013 正压式消防空气呼吸器的要求准予出厂。

The product in line with XF124-2013 "self-provided open-circuit compressed air respirator" requirements to the factory.
